protection your business needs.

CYBERSECURITY

MANAGE AND MITIGATE YOUR RISKS.

There is a lot to consider when exploring a cybersecurity solutions, and it can be difficult to find the right cybersecurity partner. We understand this complex process and will assess your current threat level and identify partners that will be the right fit for your organization.

RECENT STATISTICS:

- **37% of all businesses and organizations** were hit by ransomware in 2021.
- **32% of Victims pay the ransom** but only 65% get their data back.
- **90% of all cyber attacks** cause by some degree of human error.
- **300% increase in cybercrime** reports since the Covid Pandemic noted by the FBI.
- **Cyber Insurance rate increases are as high as 300%** for organizations who fail to implement required security controls.

HOW SECURE IS YOUR CYBER SECURITY?

WHITECAP knows the questions to ask. Is your posture secured to protect you from a Ransomware incident? What your first step should an attack occur? Sometimes peeling back the curtain can help provide a fresh look at what you are doing today that potentially could be better in the future.
